### **Announcement of “End of Support” for “Old Model ATC Runout Detection System”**

Dear Sir or Madam,

As always we would like to start by thanking you all for your continued support.

We have product and sales below five types of ATC Runout Detection System, and had made couple minor changes to the Old Model ATC Runout Detection System.

However, it has been more than 10 years passed since end of sales date, and we are facing difficulties of remodeling and obtaining repair parts. Therefore, we would like to announce of “End of Support” by following dates. We would appreciate for your understanding.
