Announcement of "End of Support for PULCOM-V4/V6 1st Generation"

Dear Sir or Madam,

As always we would like to start by thanking you all for your continued support.
Regarding 1st generation of PULCOM-V4/V6, we had made one minor change since its launch, and we would like to announce "End of Support" by the following schedule.
Therefore, by replace your PULCOM-V4/V6 to the 2nd generation, we could continue to have maintenance, and you could use the product reliable.
We appreciate your consideration.

■1st Generation (V4/V6)

　V4 Identification method : Serial number start with 「A80***」 or 「80****」

　V6 Identification method : Serial number start with 「A86***」 or 「86****」

　End of Production: January, 2018
　End of Support: January 31st, 2025

■2nd Generation (Current Product V4B/V6Ｂ)

　V4B Identification method : Serial number start with 「84****」

　V6B Identification method : Serial number start with 「88****」

PULCOM-Ｖ4・V6
