### Announcement of “End of Support” for “Old Model PULCOM Γ(gamma)”

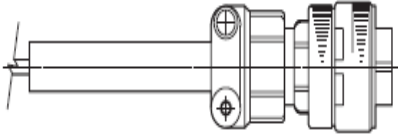

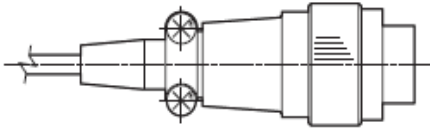

Dear Sir or Madam,

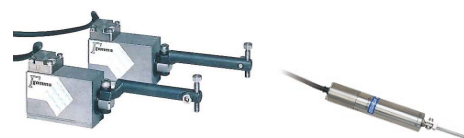

As always we would like to start by thanking you all for your continued support.

It had been 7 years passed since end of product for Old Model PULCOM Γ, now we are facing difficulties of obtaining repair parts. Therefore, we would like to announce “End of Support” for Old Model PULCOM Γ. Please consider to replace to a Current Model PULCOM Γ.

We would appreciate your consideration.

#### 1. Difference between Old model and Current Model

Item	Old model PULCOM Γ	Current model PULCOM Γ
Model	•E-DT-173A-**	•E-DT-173F-**
	•E-DT-173C-**	•E-DT-173H-**
	•E-DT-174-**	•E-DT-174A-**
	•E-DT-175-***	•E-DT-175A-***
Connector	Canon Connector (green) 	SNS Connector (silver) 

PULCOM-Γ

#### 2. Note for replacing to Current Model PULCOM Γ

- ① The setting of the connector type needs to be changed at control unit side.
- ② When using an extension cable, please change extension cable or have a conversion connector.
